- Filipino

Career Objective

As an adaptable and driven Information Technology student with a strong focus on software development, I am eager to apply my technical skills and problem-solving abilities to real-world challenges. Seeking opportunities to contribute to innovative projects while further developing my skills.

Experience/ Academic Project

BELMAppv2.0: BASC E-Library with Interactive Forum (2024)

BELMAppv2.0 is a digital platform that combines a vast collection of electronic resources such as e-books, journals, and open access databases, with a community-driven space for discussion and collaboration. Users can access learning materials, engage in thought-provoking conversations, share insights, and ask questions in real-time through the forum.

BASC Online Merchandise System (2023)

It is an online platform designed to streamline the buying and selling of branded merchandise for the BASC community. It offers a user-friendly interface where customers can easily browse, select, and purchase a variety of products, such as apparel, accessories, and collectibles.

Seminar Attended

- **Capstone Kickoff:** Launching Innovative Ideas (2023)
- **Capstone Write Shop:** "Elevating Research Documentation Through Expert Guidance and Skillful Techniques" (2024)
- **Exploring Tech Careers:** Which IT Job is right for you? (2024)
